

2023-2024 SEASON

The Respect in Sport (RIS) Program is an online certification program designed to protect our youth as well as enhance Hockey Alberta's mandate of providing a safe and fun environment for all of our participants. It is Canada's leading online bullying, abuse, harassment, and negligence prevention program

The Respect in Sport "PARENT" Program helps define a standard of behaviour for all parents and create a more rewarding, safe and respectful environment for everyone involved. Parents want to do a great job supporting their kids. Respect in Sport provides parents with the tools to do just that.
